

# BStatic Cleansing Gel

FOR ACNE PRONE SKIN

**INDICATIONS:**

- For everyday cleansing of oily and impure skin prone to acne.

**FUNCTIONS:**

- Purifying, detoxifying, and anti-microbial
- Perfectly cleans acne-prone skin of all impurities without unbalancing the skin
- Neutralizes the bacteria involved in acne (ex: P. Acne etc.)
- Strengthens the beneficial microflora
- Regulates surface sebum without drying the skin
- Reduces inflammation of papules and pustules
- Keratolytic and comedolytic, prevents pore obstruction

**VISIBLE RESULTS:**

- Skin is fresh, soft and purified.
- Skin texture is refined.
- The appearance of papules, pustules and comedones are markedly reduced.
- Prevents acne breakouts.

**DIRECTIONS:** To use daily, morning and night. Apply to the dry skin or on previously dampened face and neck. Lather. Rinse. Avoid contact with the eyes. Emulsify with the appropriate toner lotion for your skin type.

**MAIN INGREDIENTS:** Decyl Glucoside, Oat Amino Acids, Zinc Oxide, Salicylic Acid, Butylene Glycol

<p><b>Decyl Glucoside</b></p>	<p>Non-Anionic Surfactant derived from natural glucose. Foaming and gentle cleanser. Respects the integrity of the hydrolipidic film. Excellent skin tolerance. Non dilapidating, non-drying and biodegradable. Bacteriostatic activity.</p>
<p><b>Oat Amino Acid</b></p>	<p>Cleanses the skin without drying. Calms the skin, soothes irritation and redness. Emollient, improves hydration, elasticity and suppleness of the skin. Promotes wound healing and skin regeneration. Leaves skin with a soft matte finish.</p>

# BStatic Cleansing Gel

FOR ACNE PRONE SKIN

<p><b>Zinc Oxide</b></p>	<p>Natural Moisturizing Factor. (NMF)                  Sebum-regulator.                  Inhibits the enzyme 5 a-reductase for controlling the formation of DHT, the molecule involved in the excessive production of sebum by the sebaceous glands.</p>
<p><b>Salicylic Acid</b></p>	<p>Derivative of willow bark.                  Regulates sebum secretions.                  Unclogs deep pores.                  Liposoluble, dissolves blackheads.                  Prevents the appearance of scars by stimulating collagen and cell renewal.                  Improves the appearance of large pores.                  Unifies and clarifies the complexion.</p>
<p><b>Butylene Glycol</b></p>	<p>Larger and less irritating molecule                  Humectant, solvent, and emollient                  Water soluble                  Attracts water                  Enhances penetration</p>
