

FoamPure  
CLEANSING GEL

**INDICATIONS:**

- Recommended for daily facial cleansing morning and evening.
- For all skin types and conditions. Specifically beneficial for blackheads and hyperpigmentation

**FUNCTIONS:**

- Gently Perfectly cleanses skin impurities.
- Bacteriostatic, neutralizes bacterial pathogens.
- Respects the physiological pH and hydrolipidic film of the skin.
- Regulates surface sebum without drying the skin.
- Can be used for shaving.

**VISIBLE RESULTS:**

- Skin is clean, fresh and purified.
- The appearance of pores is improved.
- The skin is left feeling soft and supple.

**DIRECTIONS:** To use daily, morning and night. Apply to the dry skin or on previously dampened face and neck. Lather. Rinse. Avoid contact with the eyes. Emulsify with the appropriate toner lotion for your skin type.

**MAIN INGREDIENTS:** Decyl Glucoside, Oat Amino Acids, Prebiotic Oligosaccharide, Wheat Germ Oil, Zinc PCA, Vitamin C, Vitamin E, Omega 3, Omega 6, Lime Peel Oil.

**ADDITIONAL INGREDIENT INFORMATION:**

<p><b>Decyl Glucoside</b></p>	<p>Non-Anionic Surfactant derived from natural glucose. Foaming and gentle cleanser. Respects the integrity of the hydrolipidic film. Excellent skin tolerance. Non dilapidating, non-drying and biodegradable. Bacteriostatic activity.</p>
<p><b>Oat Amino Acid</b></p>	<p>Cleanses the skin without drying. Calms the skin, soothes irritation and redness. Emollient, improves hydration, elasticity and suppleness of the skin. Promotes wound healing and skin regeneration. Leaves skin with a soft matte finish.</p>
<p><b>Prebiotic Oligosaccharide</b></p>	<p>Eco-booster of the saprophyte flora. Bacteriostatic. Helps balance the cutaneous flora. Forms a protective film beneficial for the development of the endogenous flora. Reduces water loss</p>

# FoamPure

## CLEANSING GEL

<b>Zinc PCA</b>	<p>Natural Moisturizing Factor. (NMF)          Sebum-regulator.          Inhibits the enzyme 5 a-reductase for controlling the formation of DHT,          the molecule involved in the excessive production of sebum by the sebaceous glands.</p>
<b>Wheat Germ Oil</b>	<p>High-powered penetrating carrier oil.          Participates in cellular cohesion.          Anti-dehydrator.          High content of vitamin E.          Promotes cell regeneration and accelerates healing.          Biological antioxidant: inhibits the action of free radicals.          Nourishing, soothing and softening.          Protective and restorative.</p>
<b>Vitamin C</b>	<p>Antioxidant: neutralizes free radicals.          Promotes the elimination of hyper-pigmented cells.          Improves skin suppleness.          Smooths out surface irregularities.</p>
<b>Vitamin E</b>	<p>Antioxidant: neutralizes free radicals.          Reduces the risk of lipid peroxidation of the membranes.          Protects cell membranes.          Slows down premature aging of these cells.          Strengthens the skin's immune system.</p>
<b>Omega 3 (linoleic acid)</b>	<p>Essential fatty acid in the composition of the hydrolipidic film and cell membranes.          Maintains the elasticity and suppleness of the skin.          Precursor of many components required to maintain the biochemical and cellular functions.          Anti-inflammatory: reduces redness and soothes irritation.</p>
<b>Omega 6 (linoleic acid)</b>	<p>Essential fatty acid in the composition ceramides.          Involved in rebuilding the epidermal lipids.          Contributes to membrane fluidity.          Limits water loss to maintain skin hydration.          Soothing and nourishing.</p>
<b>Lime Peel Oil</b>	<p>Antiseptic effects on fresh minor infections of the skin, including acne.          Increases the skins immunity          Keratolytic: helps eliminate dead cells. Stimulates cell renewal.          Astringent: reduces pore size.          Lightens hyperpigmentation          Rich in powerful antioxidants like Vitamin C</p>
