- Oily and impure skin with papules, pustules and comedones
- Rosacea

FUNCTIONS:

- Eliminate toxins and impurities from the epidermis
- Sanitizer and antibacterial: neutralizes the bacteria responsible for acne
- Controls inflammation
- Prevents oxidation of skin lipids
- Helps dissolve comedones
- Regulates sebaceous secretions
- Prevents redness and acne scars

VISIBLE RESULTS:

- Eliminates and prevents papules, pustules, blackheads and blemishes
- Redness is attenuated
- The skin is left with a matte protective moisturizing film
- The complexion is clean and clear

DIRECTIONS: Apply to face and neck morning and night after cleansing the skin. Massage until completely absorbed.

MAIN INGREDIENTS: Soybean Oil, Zinc Oxide, Retinol, Arnica Montana Extract, Zinc PCA, Salicylic Acid, Lavender and Thyme Oil, Vitamin E

ADDITIONAL INGREDIENT INFORMATION:

Soybean Oil	Well suited to care for oily skin; strong cell regeneration and cell-activation. Improves moisture retention. Anti-inflammatory. Gentle on sensitive skin.
Zinc Oxide	Natural Moisturizing Factor (NMF). Sebum-regulator. Inhibits the enzyme 5 a-reductase for controlling the formation of DHT, the molecule involved in the excessive production of sebum by the sebaceous glands.
Retinol	Promotes new retinoid generation. Action similar to tretinoin without the side effects. Non-irritating. Reduces the appearance of fine lines and wrinkles. Increases the biosynthesis of collagen, elastin and GAGs. Stimulates cell renewal. Smoothing: improves skin texture.

Zinc-Balance BHA

FOR ACNE PRONE SKIN

<p>Arnica Montana Extract</p>	<p>Anti-inflammatory and veinotonic. Healing and vasoprotective. It strengthens the walls of veins and blood vessels. Prevents inflammatory phenomenas. Reduces redness.</p>
<p>Zinc PCA</p>	<p>Natural Moisturizing Factor (NMF) Sebo-regulating Inhibits the enzyme 5 α - reductase for controlling the formation of DHT, the molecule involved in the excessive production of sebum by the sebaceous glands</p>
<p>Salicylic Acid</p>	<p>Derivative of willow bark Regulates sebum secretion Involved in unclogging deep pores Lipo-soluble: dissolves blackheads Prevents the appearance of scars by stimulating collagen and cell renewal Purifying, astringent, exfoliating and moisturizing Improves the appearance of large pores Unifies and clarifies the complexion</p>
